INSTALL ACCORDING TO
APPLICABLE LOCAL
ELECTRICAL CODE

SL18 SLIDERBAR™ Adjustable Bar Hanger

Works with Studs 12" to 18" on-center

Can also be used with
Arlington CAT# SLB101 &
SLB102 non-metallic boxes

Installation Instructions

1. Bend SL18 flanges to correspond with the depth of steel box or Arlington SLB101/SLB102 non-metallic boxes. Flanges can be bent 90° or bent back 180° if needed for an inside mount installation. Flanges have bend slots for 1-1/2", 2-1/8" & 2-1/2" box depths.
2. Attach Bar Hanger to studs with screws or nails (not provided)
3. Attach Electrical Box to the SL18 using (2) #8 x 1/2" long screws (not provided) using pilot holes.
4. Pull cables and install wiring devices according to all local, state, & national codes.
